What activities cause you to feel the most free? How often are you able to do them?

**\*QUESTIONS THEY DIDN'T ASK\***

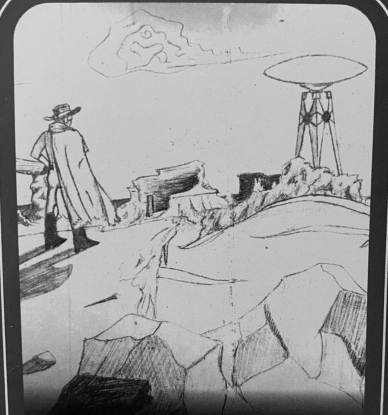

**HIGH SCHOOL EDITION**

If you were stuck in a repeating time loop, what one activity would you choose? You won't need to eat or sleep. Sex, drugs, or food answers have already been taken.

Standard human equipment is nothing short of magnificent. Curiosity, reasoning, and feeling are miraculous capabilities. Yet, Einstein thought humans' greatest gift was intuition—an often forgotten ability. What's your take? And why are so many hesitant to follow their intuition?

When has a question led you on a quest? Discover anything?
